

KAMIL KOLANOWSKI

SENIOR DATA ENGINEER

I'm an experienced Data Engineer with a strong background in **Azure Cloud Services**, including **Databricks, Data Factory, Synapse Analytics**, Data Lake, and Master Data Services. Proficient in building ETL pipelines using Python, PySpark, and SQL. Experienced in managing end-to-end data integrations and collaborating with clients and vendors to deliver scalable solutions.

Currently expanding my skill set in **C# .NET** and **web development**, actively building hands-on experience with modern web technologies and backend systems.

SKILLS

- Azure Data Engineering
- Python, PySpark, SQL
- C# & .NET

EDUCATION

THE C# ACADEMY

Major in creating C# Apps

The C# Academy | 2025 - Now

TECHNICAL VOCATIONAL SCHOOL

Computer Science

Vocational IT School | 2013 - 2017

EXPERIENCE

SENIOR DATA ENGINEER

My Company 2020 - Now

Developed and maintained ETL pipelines for retail and HR data using **Azure Data Factory, Databricks, Synapse**, and **Data Lake**.

Utilized Python, PySpark, and SQL for data transformation, improving **data quality** and **performance**. Managed integrations from diverse sources (files, databases, APIs) and **collaborated with clients and vendors** to meet project goals.

Provided **technical mentoring**, implemented **data security** with Azure Key Vault and RLS, and improved data accuracy using Master Data Services.
